

Appl. No. 09/705,411  
Amdt. dated September 30, 2004  
Reply to Office action of September 4, 2004

**INCORPORATION STATEMENT**

The amendment faxed on or before September 21, 2004, is incorporated herein as if fully set forth. The purpose of this amendment is to provide samples of the current invention and the prior art, and to provide claims in the proper format.

**SAMPLE DISCUSSION**

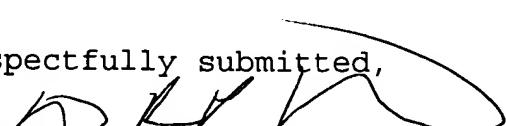

A sample of applicants' highly successful invention is attached hereto and made a part hereof. Also, pictures of accident invention are enclosed herewith. The structure of applicants' invention is clearly shown thereby.

Also, enclosed is a sample of the prior art two-piece system means. Clearly, applicants' invention is more suitable and more useful than the prior art. It also has more flexibility. Thus, in view of this information, again issuance of a notice of allowance is appropriate.

**CONCLUSION**

Accordingly, all rejections having been overcome by amendment or traversed by remarks, reconsideration and allowance of the instant application is respectfully requested. Applicants' attorney remains amenable to assisting the Examiner in the allowance of this application.

Applicants respectfully request that a timely notice of allowance be issued in this case.

Respectfully submitted,
